PECTORAL SYRUP.

They are at home, and any one who has doubts can in tire of the person who have been cured by it. DR. KEYREE IS PREPARED AT ANY TIME TO EXAMINE LUNGS WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINES. ATTEND TO YOUR COLDS -A case of five years' anding cured by DR. KEYSRE'S PROTORAL SYRUP.

Pritanuness, Jan. 11, 1860 Dr. Havers:—My wife has been affilted with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pettoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dellar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one does I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fifth Ward.

Privisionem, Nov. 18, 1858.

Dr. Hayara:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribe ble to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a se-

were cold.

I have been, more or less, in my life, affected with the severest of colds and hoarseness. At times my throat would become as closed as to prevent my speaking above a whisper, and by taking a few doses of the above Byrup fewould relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

COL. PRATT AND DR KEYBER'S PECTORAL BY RDF.—Do. Herran-Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sconer. I take great pleasure in saying that it is all you say it is. Exhocked the notes out of my cough and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can anti-do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such so attack for any consideration, or at any cost. I am confident I can treathe more freely than I sver did. I shall always acknowledge a debt of gratitude for inventing se excellent a remedy. You are at liberty to use my name in this regard, as you think proper. E. F. BEAD THE TRUTH.—Dr. Krysza: I have a daughter who has taken several medicines for a had cough without benefit—among them April 2 Cherry Pectoral.—I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle gured her entirely of fift cough.

Bobinson street, Allegheny.

Privaterian, December, 31, 1653.

A GREAT OURH BY DR, KEYRIN'S PROTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced acoust the 4th of Pademary and an analysis. the 4th of February last, and continued eight months. I employed the flest physicians in the country, and my cough continued unabated until early in October. At that time I was adviced to try your PROTORAL COUCH SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

PATTOR Tr., April 14, 1857.

A WONDERFUL CURE.—Some time age, an old neighbor of mine was very ill, with a bad cough which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had shout the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astoniahment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years

is the extreme age of the man, he being about eighty year old. I have no doubt the Pectoral saved his life. JOHMN' GINNIS. DR. REVERE'S PROTORAL SYRUP IN ELAIRS-VILLE...-Please send me another supply of your valu-able "Pectoral Syrup." Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mr. A. Alter and Mr. F. Maher, both of Elairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it again. Yours, respectfully, J. S. WATTERSON & SONS.

January 30, 1860. ANOTHER NEW CERTIFICATE—DR. KEYSER'S PECTORAL SYBUP.—I had been troubled with a cough and cold for several weeks—so had was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely. Bigned,

236 Liberty street, Pittsburgh, Pa., Jan. 9, 1800.

"HTOP THAT COUGHING."—How can I do it?" "Ro to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperste indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheer faily concur in the adviser's admonition as above, for we have tried the "Pectoral." in a most statborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubdaable coughs we ever experienced since our advent upon this mendane sphere. We soughed steadily and laboriously for one whole week, in hopes of string it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the stage, we con inche our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it sacording to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Reyser's famous "Cough Pectoral."—Drowneville Chipper, Dec. 14, 1859.

BOXBURY. MASS.

Dras Madak:—The reputation of the Medical Discovery, in curing all kinds of humans, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in refullering all, and curing most of those diseases to which you are unfortunately so liable. That most excruescient disease to an affectionate mother,

NURSING SORE MOITH,

Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fruttuinaps to calm and sweet sumbors; and the Medical Discovery becomes a fountain of biessing to your husband and household.

In the more advanced stages of CANE EE It extends to the stomach , causing DYSPEPSIA,

creating a sinking, gone feeling, and an indifferent of the cares of your family.

Your stomach is your food distresses you, and you can only take certain kinds, and even of that your system does not get half the neurishment it contains, as the acrimonous fluid of the canker cats it up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes losse and flabby, and the fibres of your body become relaxed Than follow a train of diseases which the Medical Discovery-is peculiarly adapted to

Palpitation of the heart, pain in the side, weakne the spine and small of the back, pain of the hip when you retire, irregularity of the bowels, and that most exeruciating of diseases, the PILES. How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old provers, "An onno of prevention is better than a pound of cure," In the

MEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any imstances, do you any injury.
THE MEDICAL DISCOVERY especialy intended for diseases of the blood, but since introduction in the Western States, it is found to be

AGUE MEMEDY that was ever before the public.

No change of diet ever necessary—cat the best you can and get enough of it.

Facts are Stubborn Thinge! Hear what the Philadelphia correspondent says in the Commonwealth," Wilmington, Delaware, 9th of April "Commonwealth," Wilmington, Delaware, 9th of April 1859:

"An English gentleman, formerly connected with the British Army, and who styles himself the "Indian Botanic Physician," has of late gained an extensive reputation here by his skill in curing all manner of complaints. Some of his patients I have conversed with and they pronounce his remedies and mode of treatmen as very superior. Some have been restored as if by magic. The medicine he uses is distilled by himself from various herbs possessing rare curative properties. "While acting in the army he devoted his leisure moments to a thorough study of the effects produced by certain medicinal roots and herbs on all manner of diseases. It seems he has found a sure and speedy rome day for all the "lils that fisch is heir to." His practice already extensive and is daily increasing. In the complaints to which Females are subjected, he has no equal as large number here have testified that they ewe not only their present good health, but their lives, to the skill of this Indian Botanie Physician."
